We do it differently

- No user data collection

- No user tracking

- No user specific advertisement

- No GPS logging

Strive for simplicity

- Create your Vote Box

- Set starting and ending time

- Create your Geofence

Credibility

- Results must be as accurate as possible

- Application must prevent Vote Hopping

- Be fast and easy to use at the same time

Our Goal

- End to end encryption to ensure anonymity

- Decentralised Vote Box design to make it as hard as possible for someone to prevent the voting procedure

Thank You
